PROFILE	Hi there! I am Abraham John a Product Designer ( UI / UX )   Brand identity designer. with 2 years of experience across multiple industries, I am confident in my ability to deliver exceptional results. My passion for creating user-centric designs has led me to identify product opportunities to increase financial accessibility and lead UX design on a company mobile app. I have also designed and implemented responsive layouts for web and mobile applications. In my previous roles, I have communicated research findings, conceptual ideas, and detailed design both verbally and visually.
