Summary

I am eager to take on the role of Trainee Researcher, but I have no experience in this field. My background in work with children has taught me invaluable skills in leadership, communication, and organization that I know will translate well to this role. I'm very responsible, stress resistant and attentive to details. So I like collaborating because it enables me to learn new things. I do love learning and not stop there.

Skills

Fast learner, Adaptability, Communications, Microsoft Office, Microsoft Word, Excel

Education

UZHGOROD NATIONAL UNIVERSITY
06/1998
