Hillel IT School

Python Pro
2021

SUMMARY

I am an experienced and dedicated Python developer interested in web development. I am eager to participate in projects and enhance my professional skills. Likewise, I am a quick learner and capable of applying new knowledge in practice. My strong suit is a creative approach to problem-solving and teamwork. I am ready to contribute to projects, developing my skills and bringing a fresh perspective to software development. I have achieved success in software development, and I am ready to use my experience to make a valuable contribution to projects. Furthermore, I have experience working with Django and Django Rest Framework, as well as knowledge of databases and web technologies.

MY PROJECTS

- [Newspaper Agency](#)
- [DRF Cinema API](#)

EDUCATION

Dnipropetrovsk National Railway University

Specialist in Information Technologies

WORK EXPERIENCE

Poster

IT Sales manager. I helped to implement a program for accounting customers in restaurants, set up their hardware - printers and cash registers, and trained their employees to work with the cash program. I presented the company at restaurant exhibitions and held business meetings with clients.
