- English - Intermediate

# Bohdan Lazaryshyn

## Python developer

Python Developer looking for a job where he can use all his acquired skills. I have experience in Python, Django, and Django Rest, but I want to develop in this direction even more. Experience gained in previous work will help me to cope with stressful situations and quickly organize work with personnel.

## Portfolio

---

### Restaurant Kitchen Service Project

A project for the organization of kitchen work and the interaction of employees with each other.

Technologies used: Python, Django, HTML, CSS, Bootstrap

### Cinema API

This is a simple API for a cinema service.

Technologies used: Python, Django, DRF, JWT
