English Intermediate

Professional Summary

I possess a fast learning ability and a strong analytical mindset. I have extensive knowledge of Java and OOP and have worked with Hibernate and Spring frameworks. In addition, my experience includes working with SQL and databases. Have good knowledge of unit testing, am familiar with TDD methodology and Git, and have experience with SOLID principles. With a strong commitment to teamwork and a dedication to delivering quality results, I am eager to contribute to a dynamic organization in the role of a Java Developer.

Experience
