WORK EXPERIENCE

UX DESIGNER

Boosta | Dec 2022 - Feb 2023

Worked with the design team on the redesign of the SaaS platform “Coverler”, which creates cover letters using AI.

- Test of the current product funnel
- Research of competitors and relevant products for best funnel UX practices
- User interview
- Prioritization of user needs
- UX flow screens from the main page to the payment confirmation, which addresses user needs in the correct order
- User testing of the offered flow

UX/UI DESIGNER

Corensic | Dec 2021 - Oct 2022

A private commercial start-up “JOOTIPS” that creates and develops a programming language learning platform in versions for schools and adults.

- Collaborated with founders and engineers to build MVP
- Creation of landing pages and dashboards
- Creation of presentations
- UI Kit
