

OLEH NABOK

MANUAL QA ENGINEER

naboklife@gmail.com

+380681197484

Lviv, Ukraine

SUMMARY

I am a self-motivated, adaptable and responsible Quality Assurance Engineer. I have a good understanding of testing processes, requirements, methodologies, testing types, etc. I have experience with creating test cases, bug reports, and test reports. I'm able to work both independently and as a part of a team because no achievement can be reached without a team. Communication is my advantage. I can listen and explain. I respect another point of view and can justify mine. I can handle negative feedback because it is an important experience to avoid issues in the future.

TECHNICAL SKILLS

- HTML/CSS
- Basic JS, Python
- JSON
- Analysis of business/functional requirements
- Test case design
- Creation test documentation
- Test execution
- API testing
- Functional, non-functional testing
- Cross-browser testing
- Mobile testing (IOS/Android)
- Introducing new tools to the product
- Smoke, sanity, ad-hoc, regression testing
- Bug reporting, reproducing, and fixes validation (search for the root cause of the actual result and creating bug reports)
- Database testing
