

Vitalii Hrushko

Front-end Developer / HTML coder

I am a developer with 1 year of experience (non-commercial). I have a practical experience with **HTML5** (semantic layout, **BEM methodology**), **CSS3**, I use **SCSS** from CSS prepros, worked with **animation** (@keyframes), pseudo-elements, **Flex**, **Flexbox**, **Grid**, using vanilla **JavaScript** (DOM, eventListener) **jQuery**. I work with **Figma** and **Photoshop** layouts, I can develop **adaptive** mobile version myself using basic **UI UX** principles. I have practical experience in using the **Git** version control system.
