Languages

- English - Upper-Intermediate
- Germany - Elementary
- Ukrainian - native

Achievements

- The best of sales in Coral Travel
- 3 ultramarathons, 4 classic marathons
- 2 peaks above 5,000 meters

Summary

I am an active and purposeful Python Developer with one year of practical experience. Also, I have extensive experience with managing teams and 10+ years as a system administrator. Currently, I am looking for new opportunities in Python Software Engineering. I am well familiar with Python Core as well as the most popular frameworks (Django, Flask, Django REST Framework). Attentive to details, doing my best to give correct estimations. I constantly continue to improve my programming skills.

Experience

Python developer, Altair

jan 2022 - april 2023

- I used Django and Flask frameworks. Worked with PostgreSQL, SQLite and MySQL, CSS, Beautiful Soap, AJAX. Used the Django REST Framework to build REST API applications, Celery and Django Q for distributed job queues.
