English - EF SET score C2 Proficient  
<https://www.efset.org/cert/6nAuCb>

#### Soft

Analytical mindset, empathy, self-discipline,  
curiosity, business communication skills.

### A FEW WORDS ABOUT ME

Hi, my name is Denis and I'm a switcher with more than 16 years of experience in sea shipping and 2 co-owned small businesses at my back.  
This experience gave me good communication and organization skills, and a clear understanding of the cooperative ethics and communication standards used in the world's most significant grain trading and shipping companies. As an ex-business owner, I know what is essential for small business owners and managers.  
I decided to switch to Web design not so much to have the ability to work online from any part of the world but rather to do something useful, so at the end of the day to feel satisfied and see the results of my day's work.
