ABOUT ME

My name is Feodosii, and I am a frontend developer from Ukraine.

Currently, I am actively considering a position as a Junior web frontend developer with a focus on deepening my understanding of web technologies.

I have one year of commercial development experience, working in a team environment. This experience has taught me the importance of effective collaboration and achieving common goals. I value working together as a team and understand that it leads to the best outcomes.

I have a strong drive for continuous learning and growth, and I am always ready to take on new challenges in my profession. It is important to me to reach a high level of expertise in frontend development and constantly improve my skills.
