

IVAN STADNYTSKYI

CAREER BACKGROUND

Software Developer with **over a year of practice** in web development. Got experience working with JavaScript, Typescript, React, Redux, HTML, CSS, Node.js. Also interested in learning Vue/Angular/React Native. I have a strong **background in computer science** due to my degree, my **English level is Upper-Intermediate**. I like interesting challenges and modern technologies:

- Transferred the company to electronic document management from scratch.
- Implemented precision farming technology (used advanced tools like GPS, sensors, machine-learning algorithms)
