

# Mikhail Kochergin

**Motion Graphics Artist**

Hi, My name is Mikhail, I'm a motion graphics artist based in Kyiv.

I don't want to talk about my expertise or years of work as designer. I would rather want to consider your project and the possible outcomes for it.

I would like to know more about your brand, your needs, and your ideas and turn them into a wonderful piece of infographic, animation, or even illustrations.

I take great pride in my work, and always strive to create something unique and exciting that will appeal to audiences.

I am ready to delve into the study of your product, understand its nature, and offer the best ideas to make it even more successful and incredible.

Now I am looking for a team filled with great creative people with whom I can reach great heights by overcoming difficult challenges.

My skills and abilities are the main tools that help me to achieve greater goals to which I aspire.

I want more and I would be glad to go on part of this journey with you.

Thank you for your attention.

And have a nice day!

## Work experience

### UI/UX Designer

*StarWind Software Kyiv, Ukraine – (Mar 2023 - July 2023)*

Designed digital content for online campaigns, and worked on UI development for Web/Mobile.

Creating templates for usual use including web animations and weekly video posts.

Redesigned document pages for company products.

### Marketing Motion Designer

*INCHKIEV, Kyiv, Ukraine – (Apr 2021 - June 2022)*

Crafting wonderful stories that move the world forward. Designing compelling visuals for pharmaceutical & medical companies to help spread awareness and inspiration. Helping brands stand out in the media landscape with custom creative solutions including VR / AR projects.

### Motion Designer / Moderator

*Depositphotos / Crello, Kyiv, Ukraine – (Nov 2017 - Sep 2019)*

Crafting beautiful designs just got easier with this tool. We provide a range of easy-to-use templates to bring your creative ideas to life.

My main goal here is to create unique templates that our customers can use. Also was working closely with the developer team to solve problems with mapping, framing, compatibility, color, transparency e.t.c.

### Graphic and Motion Designer (freelance)

*Upwork, Kyiv, Ukraine – (Jan 2015 - Apr 2018)*

All kinds of digital design, especially animation. Commercials, social media marketing, explainers, video editing, and gif's.

### Motion Designer

*Merkury Innovations, Kyiv, Ukraine – (May 2015 - Feb 2016)*

Providing videos and animations for Smart Home products. Was working on commercials for Walmart marketplace and TV.
