

Oleksandr Palamarchuk

JUNIOR FRONT-END DEVELOPER

SUMMARY

I am a Junior Front-End developer looking for a full-time position. I have skills in HTML, CSS, JavaScript, TypeScript, React, Redux, React Native. I strive to become part of a friendly and professional team in which I could develop my skills.

PROJECT EXPERIENCE

Filmoteka [GitHub](#) [HTML, SASS, JS, REST API, Firebase, Parcel]

Project about searching movies, and adding favorite movies to a client personal library.

I was responsible for the implementation of the database connection through the Firebase platform.

IceCream [GitHub](#) [HTML, SASS, JS, Parcel]

Ice Cream company site. Neat and tasty design, responsible layout. Using Parcel, SCSS, JS.

Made a markup gallery section. Created modular, responsive templates and components using modern CSS techniques. Optimized performance and accessibility of page.

WebStudio [GitHub](#) [HTML, SASS, JS, Parcel]

Development a site with a responsive layout.

Freelance-Portfolio [GitHub](#) [React, React Router, JS, HTML, CSS]

This is my own freelance-portfolio on React where I added my different projects

Studio Cake [GitHub](#) [HTML, SASS, JS, Parcel]

My own project is Studio Cake company site. Neat and tasty design, responsible layout. Using Parcel, SCSS, JS.

WORK EXPERIENCE

Real estate agent

Achievements in Real Estate Sales

- Successfully closed large deals that helped the real estate sales department exceed their quarterly sales plan by 30%.
- Developed strong client relationships many of whom have referred me to their friends and family.
- Implemented successful marketing strategies to help properties stand out in a crowded market. This has included the use of social media, targeted advertising, and professional photography.

EDUCATION

Pavlo Tychyna Uman State Pedagogical University

Teacher of history. Teacher of law

IT School GoIT (Kyiv)

Full Stack Developer
