## Project Experience

"TUSA" is the one of my unique pet projects.

The goal was to develop a platform that allows users to find and buy tickets for concerts and sports events. My activities on the project:

- SOW preparation, Cost management (EVM)
- creating WBS, site mindmap, and critical path
- composing RACI matrix and Stakeholder register
- Risk and Change management
- Sprints and backlog progress monitor

## Work experience

2011 - present

**Kharkiv National Opera Theater - Orchestra Director**

### Responsibilities:

- directing the preparations of a large creative team (up to 100 people) for various events and show programs

### Achievements:

- created the concept of the project 'Misteries of Pandora', which became the winner of the National Award
- launched a new system of simultaneous translation of performances from a foreign language, which led to an increase in visitors

## Education

2023 IT school GoIT (Kyiv) - Project management

2008 National Music Academy of Ukraine (Kyiv): Master's degree in Orchestra conducting
