PROFILE AND GOALS

Experienced front-end developer with 1 year of experience in creating dynamic and responsive interfaces for websites and web applications. Strong skills in HTML, CSS, JavaScript . Experience with React/Redux, as well as the implementation of layout and development methods based on industry best practices.

I am looking for an opportunity to join a team where I can use my experience and skills to develop attractive and functional user interfaces for web applications. My goal is to create high quality and responsive interfaces that provide an excellent user experience and meet business requirements. I am ready to take on challenges and learn new technologies to stay up to date with the latest trends and technological advances.

SKILLS

HTML5	CSS/SCSS
JS/TS	REACT
REDUX	React-Redux
React Router	NEXTJS
React Hooks,	REST API
JSON	Ajax
Express JS	MongoDB
