

## JUNIOR FULLSTACK DEVELOPER

# Volodymyr Okunievskyi

### SUMMARY

A sociable person, I work for results, I am happy to learn new things, and I am always happy to meet new people in a pleasant team. I am creating my own future by opening up new facets of my field of activity.

### PROJECT EXPERIENCE

#### [🔗 Petly](#)

[Webpack, React, Redux, RTK Query, MongoDB, Netlify]  
An SPA to make announcements about pets (for sell or other), keep a personal account and follow news that may concern your pets. It has own web server (written on Node.js) and an adaptive design. Role: Team lead.

[🔗 GitHub code](#)

#### [🔗 Cocktails](#)

[JS, REST API, AJAX, Parcel, SASS]  
A multi page application with adaptive layout, it's written on pure JS. Has a pagination, all your data saves in local storage. Its goal for choosing a cocktails, their ingredients and saving for better days. Role: Team lead.

[🔗 GitHub code](#)

#### [🔗 Movies](#)

[React Hooks, Components, Routers, Webpack]  
An application for choosing the movie, reading about it, see all cast and viewers reviews. Developed by myself.

[🔗 GitHub code](#)

#### [🔗 Phonebook](#)

[React, Redux toolkit, PERSISTOR, Webpack, Rest API]  
A cute SPA which functionality in its name. After registration, you can add, edit, delete, or call the contact, and all of it by "user-friendly" experience. For the best experience it should be runed on phone. All data saves in a moment. Developed by myself.

### TECH SKILLS

- HTML, CSS
- SASS, BEM
- REST API
- React.js
- Redux, RTK Query
- Node.js
- Express
- MongoDB
- GIT
- React Native.js
- Scrum, Agile, GTD

### SOFT SKILLS

- Eager to learn
- Conscientious
- Energetic
- Teamwork
- Courteous
- Honest
- Inquisitive
- Open-minded
- Quiet
- Versatile

### LANGUAGES

- Ukrainian - native
- English - pre-intermediate
- Russian - native
