COVER LETTER

Dear. Mr. Employer

I have no idea who you are and what you do. I wrote this resume for the first time in my life, and on Canva.

I only have a Project Manager diploma and a desire to work as a project manager. I have never worked as a manager and leader, except as a volunteer and Travel company in small group.

But, I know for sure that you can rely on me and I will do everything to implement the project, after getting to know you, the project and the team as a Junior Project Manager.

With respect to you, I am Ukrainian, Yuriy Yeskov.
