EDUCATION

UI/UX Designer - Beetroot Academy

Oct 2022 - Mar 2023

During the course, I learned creating user-friendly adaptive web pages, interfaces and prototypes in Figma, conducting user research, creating user flow and information architecture of the project. As a part of our graduation project, we worked with a real client and successfully went through all the design stages including emphasizing, definition, ideation, prototyping and testing.

UXUI. User Interface Design - Creative Practice

Apr - May 2023

Web Design - Bit Degree

Jun - Aug 2022

Master's in English Translation - University "Ukraine"

Kyiv, 2008
