## SUMMARY

Passionate Python programmer, English wizard, and reigning computer science Olympiad champ. I code like a pro and will exceed all your expectations. Master of data structures, algorithms, network wizardry, and web sorcery. Leveling up with a cybersecurity degree while hacking away as a hobby. I'm excited to contribute to a dynamic team where I can apply my skills and continue to learn and grow.

## SKILLS

**Technologies:** Python, Django, Django Rest Framework, FastApi, Flask, BeautifulSoup4, Selenium, Scrapy, Asyncio, Celery, Django-q, JavaScript, HTML, CSS, Bootstrap

**Task and Project Management:** Git, Trello, Jira

**Programming Paradigms:** OOP, Functional programming, Data Structures, Design Patterns, Algorithms

**Networking & Security:** HTTP, SSL/TLS, JWT

**Databases:** Database design, SQL, SQLite, PostgreSQL, SQLAlchemy, Alembic, MongoDB(basics), Redis(basics)

**DevOps:** Docker, Render.com, Vercel.com

**English:** Intermediate(B1)

**Others:** Debugger, Pytest

## WORK EXPERIENCE

Travel Manager | Django App

[GitHub Demo](#)

**Technologies:** Django, PostgreSQL, HTML/CSS, Bootstrap, JS

In this project, I implemented a personal travel manager. The user can choose a trip with different options and generate a personal ticket.

### Features:

- Authentication/Registration Functionality
- Manage your tickets (create, delete)
- Add new routes, trips, and hotels in the admin panel
- Edit your profile
- Change password

## **Library API (team project) | DRF API**

[GitHub](#)

**Technologies:** Django REST framework, Django-q, Stripe (payment), Swagger, JWT authentication

An online management system for book borrowings with the possibility of payment and schedule notification in Telegram

### **Features:**

- Handle payments
- Manage books inventory & borrowing
- Filtering borrowings
- JWT authenticated
- Documentation

## **Cinema API | DRF API**

[GitHub](#)

**Technologies:** Django Rest Framework, Docker, Swagger, JWT

This is an API for a cinema. It allows you to create movies, cinemas, showtimes, and bookings. It also allows you to list all movies, cinemas, showtimes, and bookings.

## **EDUCATION**

**Lviv Polytechnic National University** (2022-present)  
Cybersecurity (Bachelor's degree)

## **SELF-EDUCATION**

**Mate academy**

Python Developer full-time course

## **Other Books**

A lot of books on clean code/architecture, best practices & design patterns & algorithms.

## **ACHIEVEMENTS**

- Rank: 4 kyu, on [CodeWars](#)
- 80+ repositories on GitHub
- Got a score of 185 on NMT exam of Math
- Participated in Mathematical/computer science Olympiads
