SUMMARY

Over ten years of experience in software development.
Dozens of projects of various sizes and complexity.
Many projects from zero-phase to production single-handedly.
Multiple technologies and frameworks within the .NET universe: **WPF**, **UWP**, WinPhone, WinStore, **Windows** Forms, SharePoint, **ASP.NET**, etc.
Experience in maintaining and designing MS SQL databases.
Many successful cases of working with absolutely unfamiliar technologies.
Understanding the philosophy of the Agile mindset.
Due to my specific background - wielding highly-developed soft skills.

RECENT EXPERIENCE

DEDICATED, LVIV

October 2022 – July 2023

Develop and deploy the PoC for **Azure**-hosted system for aggregating banks' PSD2 APIs into one SaaS.

WAVERLEY, KHARKIV

July 2021 – October 2022

Relaunching the development process for the multinational team.
Lead developer role in the project related to healthcare.

D.G. TECHLINK, CYPRUS

August 2019 – July 2021

Working as a **full-stack** developer after switching to the web after years of desktop/mobile.

EDUCATION

LVIV MILITARY INSTITUTE, BACHELOR, MASTER

Self-taught engineer without any technical educational background.
Proven with several Microsoft Certifications, including:

- Microsoft® Certified Professional - March 2014
- Microsoft® Certified Technology Specialist - June 2012

PERSONAL FEATURES & VALUES

Communicative, sometimes too talkative.
Friendly but prefer working alone.
Don't require any supervision or external motivation source.
Self-learning addict.
Give me a task and enough time, and I'll get everything done.
