

Essaten Ilias

Junior frontend developer

Hello my name is Ilyas Essaten I'm 27 years old. At the moment I am taking courses in frontend development, have skills in HTML, CSS and JavaScript. Commercial experience unfortunately have no, but created three adaptive sites using HTML CSS React and Tailwind. Very motivated and want to develop in this direction I have stability access to internet and electricity. To contact me, you can use the contact information I put on my resume.
