

Eduard Reshetnikov

Ui/Ux designer

I am a very hardworking junior in the field of Ux/UI design. i hope to find a job in this field and put all my efforts to achieve more in this field, and give myself knowledge. starting from photoshop i switched to creating projects in figma in passing learning css and html. also work in illustrator. ready and willing to work full time. i am not a conflicted person, adequately perceive criticism looking for a place in the company of people who work in the field and always open to new acquaintances, challenges and accomplishments!
