WORK EXPERIENCE

Team Lead / Designer

Hackaton Fresh Air 2023

2 weeks

We needed to develop a "social purpose" product. For 2 weeks, I did a full-fledged discovering. On the basis of which i created a product, "Blackout Map Ukraine" - a mobile application that can help people. You can see more details about the work done in my portfolio.

Content manager / SMM

4MONEY

6 months

I worked on product design. I finalized the logo and branding, constantly worked with the creation of visual content. Build SMM strategy. Worked on audience analysis. I applied my knowledge of UX to this area, because I always wanted to work as a designer. And thanks to my knowledge, I helped the company develop quite well. I worked with social networks, marketplaces and CMS systems.

Founder

Shogushi Armor

1.5 year

I was the creator of a niche clothing brand. Engaged in the development of the entire corporate identity. Developed the Identity, made a landing page. Managed social media. And I was involved in the development of all visual content. Clothing design, packaging design, business cards. Experience in organizing events, new product presentations, etc.
