

YURII SHUTKIN

Junior Frontend Developer

Summary

I spent last six months developing my hard skills as a front-end dev. I passed a course Front-end Basics from Hillel and now I'm studding. I've managed to learn at a confident level html, css, sass as well as basics of js. I have experience of creating layouts and a small web apps, you can find GitHub link below. I would really like to get my first commercial experience from you. I am very motivated, ready to learn, stress-resistant, assiduous, sociable.
