

DANIL TSAREV

UX / UI DESIGNER

ABOUT ME

My goal is to constantly grow as a professional and work on serious projects in a company that can bring my ideas and suggestions to life. I am looking for a permanent job for the long term. I will suit you, because I am "information locked" in the field of design, ready to learn new things, gain knowledge and acquire skills.

EXPERIENCE

2020-2021

THE BEGINNING OF THE WAY

First understanding of all programs

Passed such courses as: «Super Figma», «Figma from Tilda Publishing», «Super Photoshop», «Super Illustrator», «Logo Star – Creation of logos».

2021-2022

EXPERIENCE IN THE COMPANY

Grapedes / Company

Created UI/UX for responsive websites. I conducted research and comparison of competitors, developed use cases, analyzed client input, designed presentations for clients, developed concepts, created icons, illustrations, logos, banners and other graphic elements. Here I got acquainted with the tools: Trello, Jira, Kanban board and Wrike. The work continued until February 24, 2022. In parallel, I created up to 10 websites and landing pages for personal clients, commercial design of social networks and catalogs for various companies.

2022-NOW

«I LATELY»

Looking for a new experience

Passed a significant course "Creating PRO-sites with UpRock". I have studied and mastered a large number of information blocks of the user interface. Now I am looking for new inspiration and experience to work with.

EDUCATION (2019 – 22)

KHARKIV RADIO ENGINEERING COLLEGE

Today it is a modern educational institution with its own traditions and great creative potential. has become a real school of training, education and professional growth of specialists. The relevance of training highly qualified students is emphasized by the need of modern society to update the material and technical base of production.

SHORT INFORMATION

SHORT ABOUT ME

My strengths are: prospects, responsibility, communication skills, love for work, I have an artistic taste and creative flair, I pay attention to detail (curiosity), I am positive in the team. Ready to work up to 50 hours a week.
